Degrees:

CE Instructor Training Associate in Science Degree

Certificates:

CE Instructor Training Certificate

New and aspiring Career Education (CE) faculty in a variety of Career Technical Education (CTE) programs will benefit from this 18 unit certificate. (CTE TOP-coded programs include but are not limited to Business, Computer Information Systems, Career Technical Education, Health Science, and some Fine Arts, Social Sciences and Science/Engineering/Math). Nine of the 18 units include equity-minded teaching and pedagogy, instructional technologies, distance education, and a practicum, for career entry into teaching positions and for professional development.
