

ADULT RE-ENTRY PROGRAM

Learning is a life-long process and the Adult Re-entry Program is available to inspire, guide, educate, and empower individuals returning to school after a gap in their education. Non-traditional students may return to school to take courses to upgrade skills, make career changes, earn a certificate or degree, transfer to a university, or for personal development. We offer counseling, classes, resources, workshops, and referrals to assist individuals as they transition back to school and move toward successful attainment of their educational and career goals. The Adult Re-entry Program is a component of the Career Planning Center located on the second floor of the Student Center Building.
