

RECONNECT WITH CYPRESS COLLEGE

Reconnect with Cypress College (formerly Adult Re-Entry Program): Learning is a life-long process. Reconnect with Cypress College is available to inspire, guide, educate, and empower individuals returning to school after a gap in their education. Non-traditional students may return to school to take courses to upgrade skills, make career changes, earn a certificate or degree, transfer to a university, or for personal development. We offer career counseling, career classes, career resources, career workshops, and referrals to assist individuals as they transition back to school and move toward successful attainment of their educational and career goals. Reconnect with Cypress College is a component of the Career Planning and Workforce Development Center located on the second floor of the College Complex Building (CCCPLX-215). For information call (714) 484-7120 or visit our website at <https://www.cypresscollege.edu/services/counseling/adult-reentry-program/>.
